Notes

Several of the dues components are based on the number of months remaining in the year.

Returning members have already paid those components through the calendar year.

For information on how Cub Scouting works, where to get the uniform and how to put it together, see the Pack 91 web site (www.pack91.info).

Facts:

Pack 91 is chartered in December.
 The registration year runs from December 31 (essentially a calendar year).
 This means that the pack pays the council for the next year on December 31.
 Returning scouts are paid up (registration fee, insurance, Boys Life) through the end of the year
 New scouts need to pay those items, starting with the month they join.
 The pack dues are \$25 (50% of the pack dues for the Fall and 50% for the Spring).
